

**December 16-19, 2010**

The University Of Southern California School Of Dentistry is making its facilities available to the Western Regional Examining Board (WREB) as a testing site. This handout will address questions you may have regarding the facility and its role as a testing site.

Please do not call the school for any interpretation of material contained in your Candidate Manual. Questions regarding the examination content, patient requirements, paperwork/form, etc. should be directed to the Western Regional Board office at (602) 944-3315.

### **LOCATION**

The University Of Southern California School Of Dentistry is located at 925 West 34<sup>th</sup> Street, Los Angeles, California 90089. (Jefferson Blvd, Vermont Ave., Exposition Blvd. and Figueroa Street bordering the school.)

### **PARKING**

Campus parking entrance is Gate #8 on Jefferson, east of Vermont and is available at \$8.00 per day. Please do not be tempted to use parking at the University Village Shopping Center across from the Dental School. These lots are closely watched and persons using these spaces for Dental School parking may either have their car ticketed and/or towed.

### **REGISTRATION**

Registration will take place on the fourth floor lobby at the west side of the Dental School. A tour of the school is planned prior to your Exam Orientation.

### **FOOD FACILITIES**

During the week Café 84, on campus, is located across street at the west end of the Dental School. Another option is the Food Court that is located across Jefferson Blvd., in the University Village Shopping Center. The Center is open 7 days a week. (Please be sure you to use the crosswalk. Don't chance a walking violation.)

### **PATIENT PROCUREMENT**

Candidates must provide their own patients. The Dental School does not assist candidates in obtaining or screening patients, nor does it provide patient screening areas for the candidates. NO SOLICITATION FOR PATIENTS IS PERMITTED IN THE SCHOOL BUILDING, THE IMMEDIATE DENTAL SCHOOL CAMPUS AREA OR AMONG OTHER CANDIDATES' PATIENTS.

## **PATIENT RECEPTION AREA**

Instruct your **patients to wait on the first floor waiting area** until escorted to the second floor clinic by you or your dental assistant.

## **RADIOLOGY**

The Radiology Department is located on the first floor adjacent to the patient waiting area. It is recommended that candidates have radiographs of their patients taken before arriving at the Dental School. Radiology facilities will not be available before the actual examination date. During the examination, the facilities will be open between the hours of 7:00 am – 4:30 pm, technicians will be available to take and develop radiographs. **Cash Only.**

1 PA including mount	\$15.00	FMX (double Pack) including mount	\$120.00
4 BWX including mount	\$35.00	FMX including mount	\$ 70.00
Panoramic film	\$70.00	1 BW & 1 PA	\$ 25.00

## **SUPPLIES**

Candidates are asked to furnish all dental equipment and supplies necessary to complete the exam; however, the Dental School will provide some disposable items. (Refer to list)

A “basic set-up” bag for your first patient will be placed in each cubicle. If for some reason one is not there, please go to the second floor dispensary to obtain one. Each “basic set-up” bag contains the following items: 2x2 gauzes, headrest cover, plastic tray cover, cotton rolls, 2 patient napkins, a disposable air/water tip, evacuator tip, saliva ejector and 3 plastic sleeve covers for the latter 3 items.

The following supplies will be furnished during the examination:

Amalgam capsules	Isopropyl Alcohol
Anesthetic-topical and solution	Styrofoam trays
Articulating paper	Hydrogen Peroxide
Calcium Hydroxide (cream form)	Masks
Cements (Zinc Phosphate)	Mouth wash
Tray covers	Needles (25 long, 27 short and 30 short)
Composites	Laboratory stones and investment materials
Cups	Over gloves
Denatured alcohol (for torches)	Pumice
Disinfectant wipes	Prophy paste
Evacuation and saliva ejector tips	Rubber dam and napkins
Floss	Sterilization bags and tape
Gauzes	Tongue blades
Gloves (latex and vinyl only)	Waste bags
	Waxes

If an item is not listed, bring it with you.

**Endodontic Portion:** You are required to supply your own condensers and master/accessory points. And any other supplies you will need to complete this portion of the examination including x-ray films and single x-ray clips. Portable hand developers, only, will be used for processing your radiographs. Since your films will be processed wet, you may bring a small portable dryer to expedite the drying/mounting process of your radiographs.

The **Acadental ModuPro** model is available in the Dental Bookstore. Articulated typodonts will be secured to the Frasako Heads in our third floor simulation laboratory. For further information please contact James Borden in the Dental Bookstore at (213) 740-2729. **(Fig. 1, 2, 3, 4)**

4

**You are required to furnish your own equipment (handpieces, burs, hand instruments, anesthetic syringes, casting rings, impression trays, casing gold, etc.) If an item is not on the list in this handout, bring it with you. The school will not assume any responsibility for any omissions in your armamentarium.**

### **DENTAL BOOKSTORE**

The Dental Bookstore is located in the lower level, east end of the Dental Building. Their hours are 8:30 am – 4:45 pm Monday, Tuesday, Thursday, and Friday. On Wednesday the hours are from 8:30 am – 6:45 pm. Telephone – (213) 740-2725 Fax – (213) 740-2728

### **EQUIPMENT RENTAL**

Clinic instruments, high-speed and low-speed hand pieces, procedural cassettes, and bur blocks are available for rental by the candidates. **The exceptions are, the #2 Explorer, all periodontal instruments, including scalers and ultrasonic scalers. These items are not available for rental.** For further information contact the IMS Manager at (213) 740-7907 or email your request to wyates@usc.edu.

## COMMERCIAL DENTAL SUPPLY

The closest dental supply company to the Dental School is:

Patterson Dental Supply  
12619 Daphne Avenue  
Hawthorne, Calif. 90250  
Telephone: (323) 757-1571

## CLINIC OPERATORY EQUIPMENT

Each clinic cubicle is equipped with an ADEC unit. **(5)** This unit has:

- Four-hole Midwest-style hand piece connector for high-speed and low-speed. **(6,7)**
- Tri-function air/water syringe. **(8)**
- High-volume evacuation hose and a saliva ejector hose.
- Water quick-connect outlet. **(9)**

There is also a radiograph view box and an electrical outlet above the back bar of the cubicle.

**6, 7**

**6**

8

9

### **LABORATORY EQUIPMENT**

The laboratory is located on the third floor, Room 300. The vibrators, casting machines, cross pin and pindex machines, model trimmers, and sandblasters are located in the wet lab on the third floor, room 305. You must furnish your own alcohol torch and/or Bunsen burner.

**PLEASE NOTE:** The third floor lab will be used for the **Endodontic** section of the examination. Therefore, the lab will be available only during the evenings from 5:00 pm until 12:00 midnight.

### **EQUIPMENT MALFUNCTIONS**

If you experience any equipment or unit malfunction, report it to any USC personnel or Floor Examiner and an on-site technician will be sent to your area to affect the necessary repairs.

## **INFECTION CONTROL PROCEDURES**

The infection control policies of the school follow ADA and CDC guidelines. They include universal precautions (all patients must be treated as if they are infectious). The school requires the use of universal barrier (gloves, face masks, eyewear and clinic gowns during all direct patient care. **You are responsible for providing OSHA acceptable eyewear for you, assistant and your patients.**

### **Clinic attire**

You must provide your **own** clinic gowns, which meet any standards imposed by WREB. Clinic disposable gowns can be purchased from the Dental Bookstore.

### **Surface Asepsis**

Surface disinfecting wipes are available in each cubicle and must be used before and after each patient. Barrier wraps for the light handles and gloves and mouthwash are located on mobile carts at the center corridor of the clinic.

### **Biohazard Waste**

Place biohazard waste, such as saliva ejectors, evacuator tips, gloves, gauzes, cotton rolls, pellets in the plastic tan waste bag and then dispose of in the RED receptacle located against the window wall. Disposable gowns, with no visible signs of blood, must be disposed of in the regular trash receptacle. Place all sharps (such as needles, scalpel blades, etc.) in the sharps container located in each cubicle. Empty anesthetic cartridges must be disposed of in the pharmaceutical waste container located in the cubicle. Amalgam scraps must be placed in the scrap amalgam jar located underneath the sharps container.

## **STERILIZATION**

Central Sterilization is located on the second floor. The sterilization schedule will be posted during the examination. Sterilization bags will be available at the contaminate window. You must clean and bag your instruments appropriately with your name and candidate identification to ensure their return to you. Central Sterilization will not accept any items that are not appropriately prepared.

## **MEDICAL EMERGENCIES PROTOCOL**

1. Stay with the patient and get someone to assist you.
2. Have your assistant notify the Floor Examiner immediately and tell him/her that you have a medical emergency.
3. Check the patient for **A**irway, **B**reathing, and **C**irculation.
4. Start **CPR** if indicated.
5. The Floor Examiner will initiate the emergency call to the USC Security Officer/Paramedic. **STAY WITH THE PATIENT.**

## **EMERGENCY KIT AND OXYGEN LOCATIONS**

**The Emergency Kit and Oxygen will be located in the main aisle of the clinic.**

The Automated External Defibrillators (AED) are located through out the school.

\* Look for the signs hanging from the ceiling for AED locations.

**OTHER EMERGENCIES**

Everyone must vacate the building through the nearest stair exit located at either end of the building. **DO NOT USE THE ELEVATORS.** USC personnel will be assisting in the evacuation process. Once outside the building stay a far distance from the building.

**LABORATORY ASSISTANCE**

BG Dental Lab. (Brandon) (310) 391-4953

**FURTHER INFORMATION**

**For further information regarding this handout or the School Of Dentistry call at (213) 740-7785.**
