Driving directions to main college campus and parking

See attached map for parking and campus layout

Coming from north of Totem Lake (Kirkland)

- Head south on I-405, take exit 20 (124th St)
- Turn left on NE 124th Street at end of exit ramp. Go over the freeway.
- Go through 4 stoplights. At the fifth light, veer to the right onto Slater Avenue.
- Go to the first stoplight. Turn left onto 120th Street. Go up the hill. The college is on your right. Parking is free. You may park anywhere on campus for no fee.

Coming from south of Totem Lake (Kirkland)

- Head north on I-405, take exit 18 (85th street)
- Turn right (east) toward Redmond onto 85th at the end of the exit ramp.
- Turn left on 132nd Avenue Northeast. Drive two miles. The college is on your left. Parking is free. You may park anywhere on campus for no fee.

Airport: SeaTac (Seattle Tacoma) International-follow driving directions coming from the south of Totem Lake (Kirkland)-travel time approximately 45 minutes from the airport-normal traffic

marked contaminated. **Note, we will not ultrasonic or remove your items from their labeled bags prior to sterilization.** Please allow 24 hours for sterilization.

- ✚ **If you require someone to give anesthesia to your patient, please inform the site coordinator the day before your exam, during your orientation.**

On-Campus Food Services

The campus has a cafeteria; however, it is only open while classes are in session. The cafeteria will be open during the June board times but not on the weekend. There are vending machines available near the cafeteria in the east building. There are many fast food restaurants located a few blocks from the campus (off of 116th and 124th Street). Examples include: Jack-in-the-box, McDonalds, Taco Time, Wendy's, Burger King or restaurants like Sheri's, Olive Garden, Thai Kitchen and Changs

BASIC EMERGENCY AND SAFETY INFORMATION

Phones:

- Room 107 (clinic): by the computer in the middle island
- Front desk: out through the doors into the reception area.
- **For emergency help dial 9-911**

Fire Extinguishers:

- Room 109: in the hall outside the restorative clinic
- Room 107: by the windows and emergency exit
- How to use: pull the pin, aim at the base of the fire, squeeze the trigger
- **Do not use if faced with a large or rapidly growing fire, just exit as soon as possible (always take your patient)**

Nearest Exits:

- Room 107-clinic: out the emergency exit in the main dental clinic between the treatment rooms C5 and D5
- Once outside continue up the path and move away from the building

Eyewash Stations (wear your protective eyewear):

- Room 109: back lab
- Restorative Clinic: 1st sink on the right

- Room 107 main testing clinic: each row of treatment rooms has one sink with an eye-wash station, be sure to locate the one that is closest to you before you begin your procedure. There is also an eye wash station in the sterilization room.
- **Pull off the green caps, pull the metal stopper on the back of the faucet and turn the water on. Flush eyes thoroughly.**

Emergency Oxygen:

- Restorative Clinic: inside door as you enter from the lab
- Room 107, main testing clinic: by the emergency exit and by the entrance door to the processing rooms.
- **On/Off knob is on the side (a lever), flow knob is circular, everything else is hooked up. Addition oxygen can also be found when the N2O is set up.**

First Aid and Emergency Kits:

- Restorative Clinic: in the cabinets attached to the sterilization area – first aid only
- Room 107 main testing clinic: First Aid hanging on the wall by the master switch and first aid and all emergency items in four (4) drawers across from the Clinic Manager's office as you enter through the main Clinic doors.

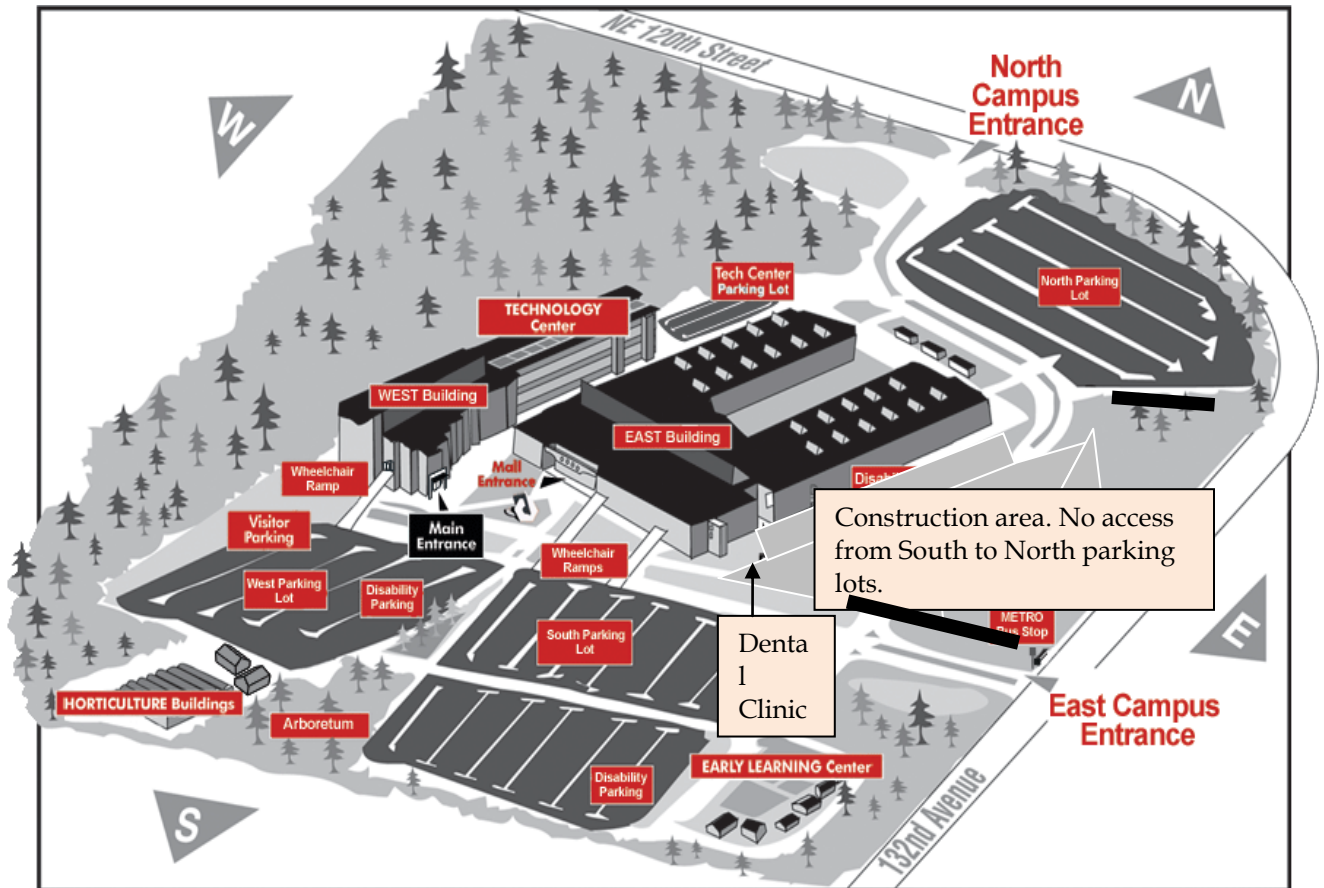

MSDS Manual/Book: in op number F-1 in the cabinet

Exposures and Exposure Personnel (wear your PPE and handle sharps carefully):

- Clinic Manager – 1st office on the left as you enter main Clinic
- Office Manager – Reception

Campus Maps

Parking is available in all parking lots and there is no charge for parking. You are also permitted to park in the designated dental parking which is located in the north parking lot.
