Patient Screening:

The Dental School does not have patients available for candidates to screen. Candidates who solicit patients from the surrounding area may bring patients to the Dental School for examinations and/or radiographs on Wednesday, April 5th from 9:00 AM to 11:00 PM and Thursday, April 6th from 2:30 PM to 4:00 PM.

Radiographs

Radiographic services will be available on Wednesday, April 5th and Thursday, April 6th. It is strongly recommended that candidates have radiographs taken before arriving at Creighton Dental School. Film will be available for purchase from the cashier on Wednesday, Thursday, and during the exam. Radiographic services include conventional radiographs and automatic developing as well as digital radiography. If digital radiology is used the images will be printed for use during the exam and a fee of ten dollars per patient will be assessed.

Supplies:

The following supplies are provided to the candidates in a mobile cart, at clinic stations, at the dispensary (room 226F) or in room 222B. The mobile cart will be at the clinic cubicle and the other locations are within easy access on the main clinic floor. Cavicide disinfectant is at each clinical cubicle.
Clinic Supplies

**Dental Cart**
- Patient napkins
- 25 & 27 gauge long needles
- 30 gauge short needles
- High volume evacuation tips
- Saliva ejector tips
- Floss
- Air water syringe tips
- Patient napkin clips
- Topical anesthetic
- Tongue blades
- Tray covers
- Cotton tip applicators
- Cotton rolls
- 2 x 2 gauze

**Displosable prophy angles**
- Prophy paste
- Dycal
- Vitrabond
- Acid Etch kit
- Etchant bond, microbrush, clear matrix strip
- Concepsis
- Matrix bands #1, #2
- Finishing strips
- Disposable dappen dishes
- Articulating paper
- Microbrushes
- Earlogs masks

**Clinic Floor Station**
- Styrofoam trays
- Local anesthetic
- Amalgam
- Wedges
- Masks: ear loop, tie on, and cone
- Mouth wash

**Drinking cups**
- Headrest covers
- (Impression material) high/low viscosity, and putty
- Integrity (temporary material)
- Regsil bite registration

**Dispensing ( Rm 226F)**
- Rubber dam
- Rubber dam napkins
- Vaseline

**Sterilization bags**
- Sterilization tape
- Hemodent

**Room 222B**
- Retraction cord/viscostat kit
- Wedges
- Soflex discs

**Ho matrix Bands #1, #2**
- Clear Matrix strips

**Dental Supply Store:**

The school store is located in Room 123 on the northwest corner of the first floor. Instruments and supplies may be purchased by candidates. The store will be open from 8:00 AM until 4:00 PM on Tuesday, Wednesday, and Thursday prior to the exam and will be open 7:30 AM to 9:30 AM during the exam.
**Endodontics**

The endodontic examination will be held in room 222. This is a simulation laboratory. The laboratory will be equipped with manikin assemblies and typodonts. Facial shrouds will be used for the manikin endodontic examination. The endodontic modules will be attached to the typodont base with a magnetic mount. Hand developing boxes and four portable radiographic units will be available in the endodontic lab. The school will supply gutta percha (.04 and .02 ISO size and MF accessory cones) paper points, and AH plus sealer, irrigating solutions (water), and irrigating syringes (23 gauge side vented irrigating needle). High speed fiberoptic hand pieces will be available in the endodontic lab. The candidate is expected to furnish their own rotary instrumentation and/or files. The endodontic modules may be purchased from Aacdental products. Their address is Acadental, 5830 Woodson, Suite 3, Mission, KS 66202. The Acadental typodonts, (Acadental Modupro MPR220) supplied by the school, will accept magnetic mounted segmented modules.

**Casting Laboratory**

The casting laboratory is located in room 359 and will be open from 5:00 p.m. until 10:00 p.m. Friday and Saturday evening during the exam. There are four casting wells and ten burnout ovens. Gold may be purchased from the cashier prior to the exam, however candidates who will be performing an indirect procedure are **STRONGLY ENCOURAGED TO PURCHASE** their gold prior arriving at the testing site.

**Dental Units:**

Dental units on the clinic floor are ADEC units and are supplied with high volume suction, high speed 6 pin female connectors with an attached quick connect swivel adaptor for BRASSLER NL 9000 high speed hand pieces. The slow speed is a standard four hole MIDWEST connection with an attached quick connect swivel adaptor for STAR slow speed hand pieces. Hand pieces are available for rent. All dental units have quick connect water sources for ultrasonic scaler use.

**Equipment Rental:**

Dental instruments and equipment will be available for rental. All rental equipment is the property of Creighton University. It is imperative that candidates needing to rent equipment must rent it prior to the exam. **If equipment rental is anticipated you must complete the enclosed form two weeks prior to the exam** and return it to Dawn Connor c/o Creighton University, School of Dentistry, 2801 Burt St., Omaha, NE 68178. Equipment rental payment will be collected in the Dental Store (room 123). Upon payment for equipment, a voucher will be issued for the items rented. These items will be available from the dispensing room (226F) on the days of the exam. **There will be no equipment rental during the exam.** Payment for equipment is due upon voucher pick up and must be cash or certified check. (credit or debit cards are not acceptable) If you have questions concerning rental you may contact Ms. Dawn Connor at (402-280-5037). **Burs, endodontic instruments, and periodontal instruments are not included in the instrument rental.** Candidates are required to bring any equipment not listed in the rubber dam or operative kit list. The equipment contained in each kit is listed in the appendix with the candidate rental agreement.
Dental Unit Malfunctions:

Report unit malfunctions to the reception desk at the main clinic entrance. An equipment technician will come to your unit as soon as possible. Be sure to give the unit number (located on the face of the unit) to the receptionist.

Advertising:

Any candidate placing an advertisement for patients in the local media may not use the Creighton University name or logo or mention Creighton University in the advertisement.

Parking:

Candidates and patients may use the upper level of the parking garage located just west of the dental school. Access to this parking garage is from the south side. There is no fee for parking.

Request for information regarding school facilities or services, may be made to Dr. Scott Shaddy, (402) 280-5226, or Dr. Scott Radniecki, (402)280-5069.

Food Service:

The first floor of the Dental School has a student cafeteria with a limited number of vending machines for snack purchase and refrigerators for food storage. Hot meals are not available.

AREA HOTELS AND MOTELS

Motel and hotel accommodations are numerous. These accommodations are close to the Creighton campus:

It is the responsibility of the candidate to contact one of these laboratories prior to the exam date to verify that they will be able to meet the needs of the candidate and the time frame imposed by the exam schedule. The main clinic waiting area located on the second floor is the best location for pick up and delivery of laboratory cases.

INFECTION CONTROL PROTOCOL

SURFACES ASEPSIS:

All counter tops, chair surfaces, and operatory fixtures should be wiped with disinfectant spray. The disinfectant spray bottles are available in the operatory units. Headrests and light handles should be covered with plastic wrap, available at clinical supply stations on the clinic floor.

WASTE DISPOSAL:

Hazardous waste consists of materials containing substances that are or have the potential to be detrimental to ones health or environment. Containers for disposal are available at each clinic supply station and so labeled.

Non-Hazardous wastes are disposed of using the receptacles located under each operatory sink.

Sharps must be disposed of in properly marked containers. These containers are located on the main clinic floor.

STERILIZATION PROCEDURES:

Candidates supplying their own instruments should follow this protocol:

A. Instruments should be cleaned with soap and water and thoroughly dried.
B. Sterilizing bags are available at the sterilization check-in window (Room 225).
C. The candidates name and number should be placed on the sterilizing bag.
D. All sterilizing bags should be turned into the sterilization check-in window (Room 225) for sterilization
E. Sterilization will begin at 7:30 AM and continue until 5:30 PM. Each sterilizing cycle takes a minimum of 45 minutes. Instruments turned in after 5:30 PM will be sterilized the following morning and will be ready for use by 7:30 AM. All sterilized instruments may be picked up in dispensing room 226F (see map).
## EQUIPMENT RENTAL LIST

### Operative Cassette

**Slots from left to right**

- Mirror
- 23 Explorer-Probe
- Spoon Excavator 38-39
- Hatchet 8-9
- Hoe 14-15
- Mesial Margin Trimmer 29
- Distal Margin Trimmer 28
- Small Condenser
- Large Condenser
- IPC
- ½ Hollenback
- Cleoid/discoid
- Walls Carver
- Composite Instrument
- Ball Burnisher
- Apple Seen Burnisher
- Cord Packing Instrument
- Curette/Scaler
- Cement Spatula
- Aspirating Syringe
- Cotton Pliers

### Rubber Dam Cassette

**Large Free Space**

- Rubber Dam Forceps
- Rubber Dam Frame
- Rubber Dam Punch

**Small Free Spaces**

- W00
- W2
- W3
- W4
- W7
- W8
- W9
- W212
- W14A
- W14DT

**Top Free Space**

- Bard Parker Handle
- Dycal Applicator
- Matrix Band Retainer
- Articulating Ribbon Holder (Millers Forcep)
- Amalgam Carrier
- Small Amalgam Well

**Attached to Lid**

- Crown and Collar Scissors
- Curved Kelly Hemostat
Medical Emergency Protocol

In the event of a medical emergency, please follow the clinic emergency protocol which is posted in several locations throughout the clinic, including treatment operatories.

A fully equipped “crash cart” with an Automated External Defibrillator (AED) will be located in the clinic area during the exam.

Another AED is located outside room 225C on the main clinic.

CLINIC EMERGENCY PROTOCOL

Assess responsiveness
If not responsive, activate EMS by calling Public Safety.

Extension **2911**

Identify yourself and state:

"WE HAVE A MEDICAL EMERGENCY AT THE DENTAL SCHOOL, 2802 WEBSTER PLAZA AND WE NEED A RESCUE SQUAD."

Provide the specific location: ie., main clinic 2nd floor, etc. Indicate the nature of the problem, the sex, approximate age and condition of the patient.

Check Circulation, Airway and Breathing (CAB) as learned in CPR
Begin Basic Life Support.

Send personnel to retrieve AED from either the crash cart or from the location on the north wall of the clinic outside of the sterilization window (room 225).

Monitor blood pressure, pulse, respiration.

Send someone to the main lobby to meet the emergency team.

Notify the chief examiner.
Rental Agreement and Fee Schedule

I agree to be responsible for the items listed below. If the items are lost, missing or broken, I realize that my board results will be withheld until the items are replaced.
